# Sauna & Tubs

Browse our range of saunas and hot tubs. Each made from the finest quality and responsibly

## Why Issgard ?

We're committed to combining the highest quality materials with the use of tried and tested, traditional build techniques. That means our Saunas and Hot Tubs are built to last!

# Sauna

## Traditional Wooden Sauna Buildings

Our stunning wooden sauna buildings are made from the finest thermo-treated pine cladding. That not only leaves a sturdy and beautiful finish, but means they're perfect for year-round use, in any climate.

### GÖTENBURG

Gothenburg Wooden Barrel Sauna for 6 people

Our most popular barrel sauna, the Gothenburg strikes the perfect balance between size, elegance, and efficiency. The cylindrical shape is perfect for saunas, requiring less time and energy to heat vs square structures since it ensures continual air circulation. With its beautiful thermo-treated wood, it's ideally suited to any climate and can be used year-round with minimal maintenance. Measuring 3.3m in length The Gothenburg can fit up to 6 people and includes a comfortable changing room and terrace with benches with the option to upgrade the front and rear walls to glazing if preferred.

# MALMÖ

## Malmö Barrel Sauna 2 Person

The Malmö 2 person sauna barrel is designed to fit terraces and gardens of all sizes.

For those who are new to barrel saunas – the curved shape provides the perfect convection current meaning it not only heats up quicker (you sauna can be ready in as little as 1 hour\*), but you also get a more even heat.

This outdoor barrel sauna kit comes with simple to follow instructions. It's so easy to assemble that it can even be put together in an afternoon. What's more, it doesn't require foundations since the barrel sits on wooden cradles, meaning you have flexibility in where you place it.

Made from exceptionally durable thermo-treated pine, this outdoor sauna is remarkably low maintenance and leaves a superior finish.

The exterior walls feature a ball and socket construction, which gives it longer-lasting performance compared to other sauna shapes. This is because it can expand and contract as the temperature of the sauna fluctuates. See more about the benefits of buying a barrel sauna [here](#).

The whole sauna is customisable to suit every taste. Opt for a fully-glazed front and back wall to take in the views, or choose a half “moon” or fully-clad wall for more privacy.

Add a touch of luxury to your garden with this 2 person barrel sauna. Order today for delivery within 3-5 weeks.

# LUXEMBOURG

## Luxembourg Deluxe Wooden Barrel Sauna for 8 people

The Luxembourg is the height of luxury, every detail has been selected to ensure you receive an unparalleled sauna experience. Embellished with bespoke design features throughout, the kit includes 2-tiered sauna benches with backrests, LED-lit water bucket, integrated lighting, a spacious anteroom and optional full or half “moon” glass rear walls for the ultimate panoramic view.

# OSLO

## Cube Shaped Outdoor Sauna

The stunning new Oslo cube-shaped outdoor sauna is a majestic design. The bold design features our largest steam room yet, with two-tier sauna benches and room to comfortably sit 10 people. The curved corners promote natural convection currents – which means a more even heat and the beautiful glass front means you can enjoy nature while you bathe.

# Reykjavik

## 2-Room Large Outdoor Sauna

This extravagant wooden sauna building boasts 2 large rooms and a beautiful curved roof ensuring optimum air circulation with less wasted space to heat. This distinctive outdoor sauna includes an exterior terrace where you can cool down, and also houses a convenient log store. At 3x4m it makes for an unforgettable sauna experience for up to 6 people and is ideal for those that like to entertain.

Introducing the Reykjavik. A large outdoor sauna with two rooms, and a luxurious finish that's perfect for entertaining and relaxing. This extravagant wooden sauna building boasts a beautiful curved roof ensuring optimum air circulation with less wasted space to heat. The unique design of this sauna ensures that you get the most out of your sauna experience, with plenty of space to relax and unwind.

Its thermowood cladding is a premium Nordic spruce that has been treated with steam and high temperatures and pressure to improve its durability and resistance to decay. This means that your sauna building will look great and perform well for many years to come; and with minimal maintenance.

This Large Wooden Outdoor Sauna comes as a flat-packed kit with easy to follow instructions to make assembly a doddle.

With every component of this outdoor sauna kit made from quality materials, we're so sure you'll love it, we've provided a 2 year guarantee with it too.

At 3x4m this large outdoor sauna makes for an unforgettable experience in your own back garden.

# Lahti

## Outdoor Cube Sauna

Experience the sleek new Lahti Cube Sauna. Its a comfortable mid sized sauna with softened edges that maximise internal space. Crafted with high-quality thermally modified wood, it's perfect for brining a touch of luxury to your garden. Designed to comfortably fit 4 people, this model comes with an optional bronzed glass front to add modern appeal and enhance your view of the surroundings.

This Wooden Outdoor Sauna is available as a flat-packed kit, which is simple to assemble for any experienced DIY-er. Transform any outdoor space into a sanctuary of relaxation with the unique charm of the Lahti Outdoor Cube Sauna.

# Hot Tubs

## Wood Fired Hot Tubs

### Bergen

#### Wooden 2 Person Hot Tub

Introducing the popular Bergen Wood Fired Hot Tub, a luxurious and durable 2 person hot tub that is perfect for relaxing and unwinding. This popular hot tub features an ergonomic and easy-to-clean fiberglass insert that provides a comfortable and relaxing experience. The hot tubs exterior is clad with thermo-wood gives it a luxurious look and feel, while also being durable enough to withstand hot and cold climates alike.

One of the standout features of the Bergen 2 Person Hot Tub is its two convenient heating options. You can choose between an external wood-fired stove or a compact stainless steel gas heater (36 kW) for a smoke-free option. This gives you the flexibility to choose the heating method that best suits your needs and surroundings.

The Bergen Wood Fired Hot Tub is incredibly easy to set up and use. It comes fully assembled, so you don't need to worry about any complicated installation processes. Additionally, it doesn't require any special foundation, which makes it easy to move and position the hot tub. The stylish two-tier wooden step that comes with the hot tub makes entering and exiting the hot tub hassle-free.

The thermowood used on the Bergen Wood Fired Hot Tub is a premium Nordic spruce that is both beautiful and long-lasting. Having been treated with steam and pressurised high temperatures improve its durability and resistance to decay. This means that your hot tub will look great and perform well for many years to come with minimal cleaning.

This high-quality 2 person hot tub comes fully assembled and with a 2-year guarantee for your peace of mind.

# København

## Wooden 2 Person Hot Tub

The København is an eye-catching and spacious hot tub for up to six people with a stylish 2m chimney and heat-protective grille. The stainless steel wood-fired stove can heat the tub in as little as 1.5-2 hours. Its thermo-treated wooden exterior adds an authentic Baltic touch, making it easy to maintain and suitable for year-round use. The ergonomically moulded fiberglass insert is comfortable and easy to clean. Order yours today, and your assembled tub will arrive within 3-5 weeks.

# Vilnius

## Wooden Hot Tub for 6-8 people

The spacious Vilnius tub is where modern comfort meets sleek Scandinavian design. Measuring 2.2m in diameter it features a spacious, deep-seated fiberglass insert and stunning thermo-treated cladding. It's easy to maintain and suitable for year-round use, and the integrated stainless steel wood stove takes less wood and time to heat, so you can start enjoying the experience sooner.

# Stockholm

## Large 10 Person Hot Tub

This extra large hot tub is characterised by its clean lines and octagonal shape. The iconic Stockholm comfortably fits 10 people, perfect for those who love to entertain.

This luxuriously large 10 person hot tub measures a colossal 2.4m in diameter. It makes for a comfortable experience for anyone wanting to entertain. The Stockholms exterior is finished with stylish thermo-treated wood, which is suitable for year-round use and is easy to maintain. What makes this tub so special is its unique octagonal design. Fired by an integrated wood-burning stove, it requires less time to heat up, so you can begin enjoying the experience sooner.
